

Topic: Our Beautiful Natural World

Please complete **5** of the homework options.
This project is to be handed in : **Friday 12th July**

Write an instruction text about how to care for a plant. You may choose a real one or a fantastical, imaginary one!

Create a fact file about all the things that you can do to help save and preserve our beautiful natural world.

Choose a mammal, reptile, amphibian, bird or fish and draw it very carefully. Colour it in and accurately label the various parts of its body.

Create a 3-D model of an animal habitat e.g. woodland, jungle, rock pool. Try to use only recyclable items.

Walk around your garden or the local park and make a note of the various plants or animals you can see and their characteristics. Then group them using a Venn diagram.

Collect and record data about the various pets owned by Year 4. Present your findings using one of the following: a pie chart, a bar chart or a pictogram.

Write your own rap about our beautiful natural world. Be prepared to sing it!

Find out what the words zoologist and botanist mean. Then choose a famous one and write a biography of their life.

Write a poem about your very favourite animal. Think carefully about why you adore it. Does it have a lovely appearance or personality? Use your five senses and include similes and rhyme.

Free Choice box.
