

Make a Lenten tree. If possible, use twigs that are just about ready to burst into leaf. Explain to the children that we are like trees that change and grow when we become more loving. Label the tree, *Remember Jesus and help me to change and grow*. Give the children a leaf shape on which to write a Lenten promise of how they will try to grow and change during Lent.

Within a heart shape invite the children to write and/or draw ways in which they can change and make a new start.

Decorate a Cross shaped book mark.

Draw or write the Easter story.
