

RE

1, Write a letter to someone explaining the events of Easter Sunday. You could imagine you were the first person to see the stone had rolled away from the cave or be a person who heard this amazing story from one of the disciples. Use feelings and emotions in your letter explaining your joy that Jesus is alive!

2, Draw, paint, collage a picture showing The Ascension. Jesus returns to be with his Father but promises to send the Holy Spirit to guide the Apostles and to send the power of the Holy Spirit to give the Apostles strength and courage.

3. Watch a video clip or read the passage in the Bible (Acts2: 1-18, 43) about the First Pentecost. Write a dialogue between a news reporter and an Apostle. Use the events of Pentecost, the power and energy of the Holy Spirit, and the awe and wonder felt by the Apostle to give your news report some fine detail.

4. The Power of the Holy Spirit has given us all energy and powers to do something well, it could be you have the ability to help others, care for animals, make people laugh, be helpful, be kind. What do you think your power is? Write a prayer of thanks to God for your gifts from the Holy Spirit.

Literacy -Look at the picture attached:

1. Can you write a description of everything you can see? Use a range of adjectives (describing words) in your description.

2. Where do you think the tunnel leads? Write an adventure story describing what you find on the other side.

Home Learning

Year3 - May

Things to do:

1. Invent a game you can play with your family.

2. Build a bridge. Use any materials you have available could be cushions, lego, chairs. Take a photo.

3. Design a poster to say thank you to a key worker postman, bin man, shop worker, NHS staff. Put it in your window.

Maths

1-Find items in your house or garden that are cuboids, cubes and cylinders. Draw them or take photos and present your findings in a poster.

2-Write neatly the division tables for the 3x 4x and 8x table.

3-Make your own restaurant menu using your favourite foods. Give each item a price and write some till receipts if people ordered your food. What would the change be from £10 for each item?

4.Think of three 3 digit numbers and double them.

Challenge tasks

PE Teach yourself a new skill. It could be hula-hooping., Skipping, Trampoline jumping, bouncing on a hopper .Record your results over a month. Have you improved? By how much? Why?

Why is exercise good for you? Write an explanation text or design a poster with your information.

Science: Identify and describe the different parts of a plant, roots, stem/trunk, leaves, petals. Explain the role flowering plants play in the life cycle of plants including pollination, seed formation and seed dispersal. Present your findings however you choose. Could be pictures, experiment write up or an explanation text.

PSHE: How can we stay safe from the sun? Produce a labelled picture to show precautions you can take.
